

## **Club Update – COVID-19 – 27<sup>th</sup> January 2022**

When visiting the clubhouse, please note the following latest Government guidelines which are effective from today - 27th January 2022:

*You will not be required to wear a face covering, but the government suggests you continue to wear one in crowded and indoor spaces where you may come into contact with people you do not normally meet.*

With this in mind, the Directors and General Committee would ask that all clubhouse visitors respect others on their choice to wear face masks.

Hand wash and sanitiser will still be available in the clubhouse for visitors to use to help control any potential infection risk.

Thank you for your continued co-operation.

Tina

*(sent on behalf of the Directors and General Committee)*
